Explore the world through your 5 senses with Capitol City Speech Therapy!

Young children learn about the world through experiences using their 5 senses which help build a knowledge base they will use for the rest of their life! During camp, your child will have the opportunity to use his/her senses to explore different activities. We will also focus on social skills (sharing, talking and listening to others) and language skills (vocabulary and comprehension) each day. Supporting mental health by managing emotions and building self-esteem will be part of the experience. Sign up today to reserve your spot by calling 919-577-6807 and explore the world with us!
